SUMMARY

Passionate Front-End Developer with a strong focus on UX design, dedicated to creating intuitive, user-centered applications. Experienced in solving real-world problems through innovative, high-quality solutions that enhance user experiences and drive engagement.

SKILLS

- **Languages:**   Java, C, CPP, Python, Javascript
- **Frontend:**   HTML, CSS, React , Tailwind CSS
- **Database:**   MySQL
- **Others:**   Git, GitHub, Vercel

EDUCATIONAL QUALIFICATION

Bachelor of Engineering in Computer science   **May 2024 - Present**

CHITKARA UNIVERSITY

PROJECTS UNDERTAKEN

Atom | LINK   **Aug 2025 - Sept 2025**

Tech Used: React, Tailwind CSS, APIs

- Developed a responsive mental health platform combining AI support, self-assessment tools, and community connection for holistic well-being.
- Implemented interactive depression tests, verified therapist search, and a "Meet People Around You" feature to foster real connections.
- Designed a calming zone with guided breathing, relaxing music, and quick mood tools for instant stress relief.

GitInsights | LINK

Tech Used: HTML, CSS, JavaScript

- Developed GitInsights, a responsive learning platform that simplifies Git and GitHub for all levels, focusing on core concepts, commands, and team workflows.
- Integrated features like a built-in chatbot for assistance, pre-filled task management data, and direct learning through embedded YouTube tutorials.
- Designed specifically for computer science students, offering a structured and practical approach to mastering version control tools.

WORK EXPERIENCE

Advisor at Concentrix Daksh   **April 2024 - Sep 2024**

- Resolved customer inquiries and issues in real-time, providing immediate solutions.
- Ensured high customer satisfaction by following up with clients to address ongoing concerns.
- Collaborated with cross-functional teams to streamline processes and improve service delivery.
- Maintained in-depth product knowledge to offer accurate and timely assistance.

ACHIEVEMENTS

- Solved 150+ problems on LeetCode.
- Managed and Organized Tech Events at GFG Campus Body (Technical society).
